Submit the completed and (if you please digitally) signed form by the end of May in the summer semester and the end of November in the winter semester at the latest. Unless the exam registration for one of your exams ends earlier (this may especially be the case if there is a midterm or if you write exams at another department). In that case, be sure to submit it at least one week before the corresponding registration deadline. **You can submit it by mail or from your TUMmail address (if you like you may send it encrypted).**
