Flint.gg is the home of every gamers' identity. We connect gamers across all games and platforms by enabling them to easily represent themselves and their clans.

Supported by the UnternehmerTUM as well as MediaLab Bayern

Lively office at Ostbahnhof with 10+ people already working on flint.gg

Free beer, coffee and fresh fruits

Raised 40,000€ Pre-Seed via MediaLab Bayern Accelerator

About flint.gg

What YOU will work on

- Help build the frontend for our Open Beta (web application) using Nuxt.js (based on Vue.js) and Typescript
- Implement new features ranging from a simple login to individual statistics for different games
- You will work closely together with our current team of three developers
- If you find promising challenges on our journey we are very open to include them into your tasks

Why you should apply

- No bureaucracy and high degrees of freedom.
- Gain a well-rounded experience: We offer a diverse and dynamic environment where you will get the chance to work directly with the founders and gain broad knowledge
- If you like to laugh, you are more than welcome to work with us on site in Munich. If you’d rather work remote, we will find a solution.

Everything else you need to know

- Starting date: Date.now();
- Team applications highly welcome
- For further questions regarding the project e-mail: tjorven@flint.gg
- The IDP will be conducted at the TUM Entrepreneurship Research Institute
- You will be supervised by the TUM Entrepreneurship Research Institute and will take 2 lectures (3 ECTS each) from TUM School of Management (e.g. “Introduction to Entrepreneurship” and “Introduction to Business Ethics”).
- Simon and Alicia are currently doing their IDP with us. If you want to know, how they like it, just contact them first: alicia.aumueller@gmx.de
